

A close-up photograph of a white ceramic coffee cup filled with a latte. The coffee has a rich, golden-brown color with intricate latte art on the surface, featuring a central heart shape surrounded by swirling patterns. The cup is set on a matching white saucer. The background is a dark, out-of-focus surface, possibly a table or countertop. The text is overlaid on the coffee cup.

How to switch out of the
FLAT WHITE DIMENSION
(You will have no choice)

*Cassandra Thornton, PhD

Dimension 1:
Flat White.

Dimension 2:
Old demons coming up from the
sidewalk cracks.

A dark, stone-walled opening, possibly a doorway or a niche, is the central focus. Several pale, outstretched hands reach out from the shadows within the opening, creating a chilling and ominous atmosphere. The hands are positioned at various heights and angles, as if reaching towards the viewer. The surrounding stone wall is textured and aged, with some moss or vegetation visible at the bottom. The overall scene is dark and foreboding.

What's up, what brought you to write?

Unfortunately, the prices here are very high due to the scarcity and scarcity of materials

Clothes: Imagine a winter coat for one child, approximately \$80

That is, Saleh and Rose bought clothes worth \$170 for them, unfortunately Previously, this was all worth \$70 and was of excellent quality

The ones I bought are of bad quality, but better than nothing

I bought mine for approximately \$140 shekels

Unfortunately, I bought winter covers worth \$400

For what was left, I bought food and water

And a small amount of fruit

Unfortunately

All this previously was no more than \$200

The prices are 10 times higher than normal

I need \$20 daily to buy water

One vial

1 281 €

Raised of 10 000 €

Thank you, dear Cassie I am truly grateful for your life and the lives of my children Words cannot thank you enough for what you make me feel and give me a tone of hope. Unfortunately, it is very cold at night The bombing is continuous and ongoing, and has not stopped for a moment on the Nuseirat camp. We live in the worst era. We see in front of us body parts being cut off every hour. The bloodshed has not stopped yet We live in very difficult times, similar to horror movies Today they evacuated some areas in Nuseirat camp and we are in a very small area

CARE

What are you doing today? Did the bombing calm down in nuseirat?

Is it cold there too?

1:40 PM ✓

Yes, the situation is somewhat calm 1:45 PM

RELATIONSHIP

It gets colder at night
Hunger is the worst thing. There is nothing in the market. We eat a cheese sandwich once a day.
Unfortunately, it does not satisfy our hunger. 1:47 PM

Oh no. The markets no longer have eggs or vegetables? 2:42 PM ✓

It's so hard to hear that. 2:42 PM ✓

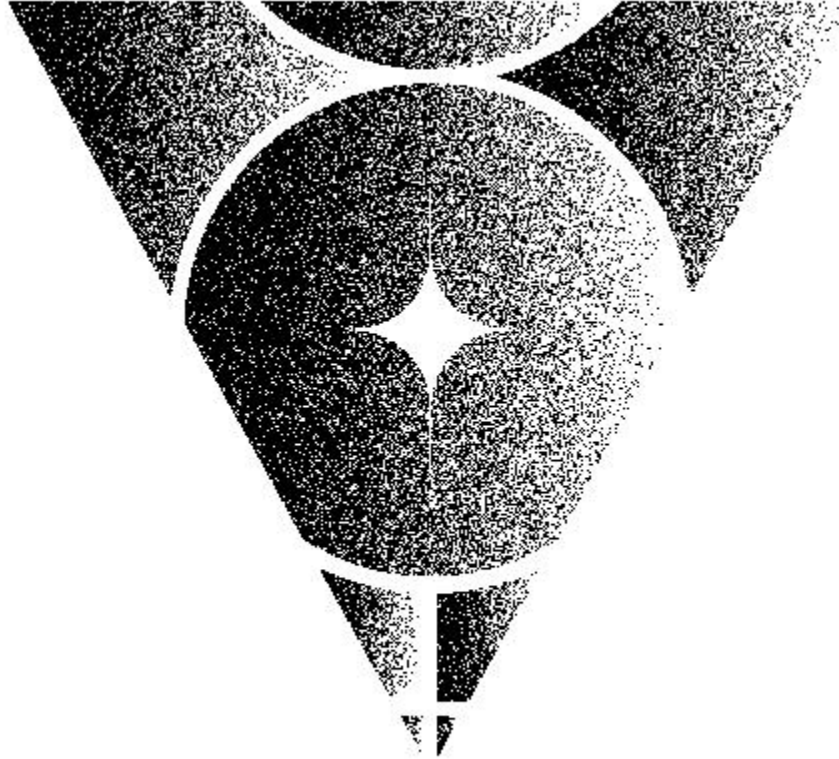

There is nothing, if anything, that is at crazy prices

Our Idea: Distribute the Attention and Care

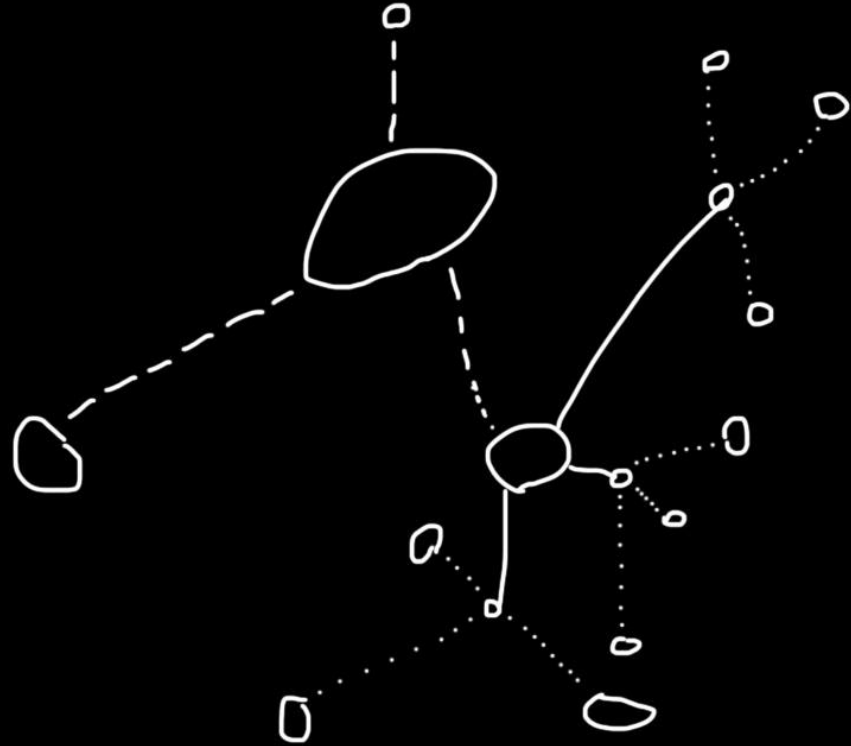

Incomer//Hologram//Expert//Teacher

Triangle Member//Curious Non-Experts//Critical Feeler//Notetaker

In the larger project, each caretaker is cared for.

The Hologram gives support to someone outside of their triangle,
creating a CULTURE of care
and not just a closed loop.

Four years research says:
The people who give the
most care are the least
cared for

Community of Practice

A group of runners is captured in a low-angle shot during a marathon. The central focus is a runner wearing a bright neon green athletic shirt and black shorts. Their white race bib prominently displays the number '26349' and the BMW logo. To the right, another runner in a red and white shirt is partially visible, with a bib that reads 'Ten Ching'. The runners are on a paved road with white lane markings. A large, semi-transparent pink rectangular box with a dashed white border is overlaid on the middle of the image, containing the title text. In the bottom right corner, a yellow banner with red text is tilted diagonally.

Do you practice The Hologram in your own life? If so, you are invited to devise a way to share The Hologram in your own world, with financial and social support. Hologrammers who submit a successful proposal will **become a part of UGH**, our assembly of organizers that meets every two months to give and get support from others who are also working on holographic projects. These meetings will produce a rotating collective who will do maintenance and care work for each other's projects, take care of The Hologram's resources, and also assess proposals for new projects. We see this as a rotating but stable organizational structure for the near future of The Hologram.

MASCULIMINAL

we contain multi-dudes

WHAT IS MASCULIMINAL?

Masculiminal is a reading/discussion group and Hologram practice space.

The intention of Masculiminal is to dissolve and expand the heavily policed boundaries around what constitutes 'masculinity.'

We collectively practice skills not typically associated with masculinity including active listening, emotional presence, and open ended inquiry without the goal of providing solutions or seeking to fix.

What does The Hologram make possible?

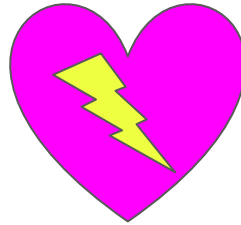

- In support of direct action, hunger strikes
- Family Abolition Reading and Action Group
- Big network of support, collaboration and research sharing
- Movement building from the inside out
- Institutional and Organizational Repair and Restructuring
